

**Dept. of Public Works**

**To:** Residents of Carolyn Drive

**From:** Village of Brockport Water Department

**Date:** August 5, 2016

On Thursday August 11, 2016 The Village of Brockport Water Department will be tying the Kimberlin Drive water main into the new newly installed 12" water main at West Ave. Therefore, we will have to turn off the water main that supplies your homes with water. This is scheduled to happen from 9:00 am to 12:00 pm. This shut down is necessary to tie Kimberlin Drive to the new main. If you have any questions please call the office at 637-1060, Monday – Friday 7:00am - 3:30pm.

Thank You,

*Harry Donahue*
