

Dept. of Public Works

To: Residents – Clinton Street

From: Village of Brockport Water Department

Date: June 17, 2016

On Tuesday June 21, 2016 The Village of Brockport Water Department will be cutting in a tee for a new water main extension off Clinton Street to feed Merchants St. Therefore, we will have to shut down the water main that supplies your homes with water from 8:00 am to 12:00 pm. This shutdown is necessary so that we can begin this main extension.

If you have any questions please call the Village office at 637-1040 ext. 11, Monday – Friday 8:30am – 4:30pm or me at 637-1060, Monday – Friday 7:00am - 3:30pm.

Thank You,

Harry Donahue
