Village of Brockport Granted New York Main Street Award

The Village of Brockport was awarded \$200,000 in New York Main Street Revitalization funds from the Regional Economic Development Council, through the New York Office of Community Renewal. These funds will be used to assist the owners of mixed-use buildings to complete commercial and residential renovation projects and perform streetscape enhancements in the business district. The 3 block target area for improvements is located on the north end of Main Street and includes properties listed on the State and National Registers of Historic Places.

Property owners, collaborating with the Village, will provide match funds for improvements to their building to conduct needed repairs, increase functionality and enhance downtown aesthetics. Construction for the Main Street Revitalization Project is expected to begin in fall 2014.
