Discussion re: proposed parks law

- Pared down the listed definitions, leaving only noise, park, permit (combined with reservation for use), tot lot, Village Parks (list)
- Discussed whether the timing specified for reports to the Superintendent and the Village Trustees coincides with the budget process. CEO Miller researched and stated it does.
- After discussion, we decided to leave intact the section about the Parks Committee.
- Discussed construction guidelines and whether the Parks Committee reviewed and adopted the Consumer Product Safety Commission *Public Playground Safety Handbook* as construction guidelines for playgrounds, or developed others using that guide.
- Discussed the need to be sure the parking section, if included, is the same as in the recently adopted parking law.

- Discussed items under Prohibited Acts:
 - B – seems severe, as do other prohibited acts here, and committee wonders about enforceability versus common sense
 - E – the committee favors a bring in – carry out rule
 - H – the committee wondered about remote controlled model aircraft
 - I – gambling could just be prohibited
 - N – reword or leave out
 - Q – committee wonders whether this can apply to persons who have permits to carry firearms

Committee will skip a May meeting and meet next on June 23

Meeting adjourned 7:05 pm – motion by member Kristansen, second by member Duff.
