

MINUTES
HOUSING TASK FORCE MEETING
2/8/16

Attendees: Martie, Annie Crane, Chuck Switzer, David, Marcy, Mike
Unable to attend: Pam, Skip, Val

- 1. Martie spoke w/Mike DeClerk of Waste Management and he will come to one of our meetings and go over 'how to word a proposal', tell what services we want and ask what they can provide; what should the proposal look like and what should it have in it?**
- 2. The consensus was that, if they can aid us with putting together a proposal, the sooner the better. Residences and all others have to be part of the contract; businesses and apartment complexes would need to go out and get their own bids.**
- 3. If a business uses totes (as opposed to dumpsters), they would be part of the village contract.**
- 4. It is up to property owners to make sure there is garbage collection for any and all of their properties.**
- 5. Billing could be done by zone; by property classification.**
- 6. We want them to bid on residential pickup based on a tote system; 3 or more people/unit must have a larger tote.**

Next Meeting: 3-14-16
