

MINUTES
HOUSING TASK FORCE MEETING
1/25/16

Attendees: Martie, Annie Crane, Val, David, Marcy

Unable to attend: Mike, Pam, Skip, Chuck Switzer

- 1. Martie has had a dialogue going with Suburban Disposal and Modern Disposal, re: info. gathering on what they can offer/provide for what we need**
- 2. The proposal would include entire village garbage pickup – residences, rentals, businesses, housing complexes, village offices, PD, library, and DPW.
Single day pickup - divided per day of week**
- 3. This would be a fee on the tax bill**
- 4. Totes, recycling bins would be included in the cost. Size of tote needed would be determined by the provider**
- 5. No opt-outs, unusual circumstances, etc. would be included in contract; cost would need to be low enough so customers would be happy with the price/year**
- 6. Large item pickup ~ once a month; important to include in contract**
- 7. Martie said that Margay asked how we are progressing and Martie told her we are in the process of getting informal estimates**
- 8. Discussion followed, re: a petition for dissolution of the village has been filed. Should we set this issue aside for now? The feeling was ‘yes’, however, go ahead and conclude our information gathering and, basically, ‘finish’ this task to the point where it could be submitted to the Village Board for consideration, and all that would follow**

that.

- 9. Martie will discuss, with the mayor, what she prefers that the Housing Task Force do, at this juncture, with the garbage disposal issue.**

Next Meeting: 2-8-16
