

TRTF Minutes 3/30/17

Present: Mary Rich, Tom Cholowsky, Kevin McCarthy, Karen LoBracco, John La Pierre, Annie Crane

Meeting started at 7pm.

Annie moved to approve minutes from 2/9/17, Mary seconded. All approved.

Tom stated that the only area of concern to him was the cost of Health Insurance. This will need to be addressed when re-negotiating contracts with the unions. Suggestion was made that another problem with the union contracts is the automatic pay raises. Suggested they be tied into the tax cap. Tom will write a report on insurance for the next meeting.

Discussion of the DPW. Would it save money to sub out the mowing, and not replace the DPW employee who is leaving? Would it save our taxpayers money to eliminate our Water Department and switch to Monroe County Water Authority? Kevin will meet with Harry Donahue and report on any possible savings in the DPW.

Karen will meet with Chief Varenti to discuss any possible savings in the Police Department.
