PUBLIC COMMENT:

1. Harley Perry of Meadow View Drive – expressed concern regarding the NYSDOT Smith Street Bridge rehabilitation plans and questioned whether the Village had an engineer review the plans. He said the retaining wall should really be replaced as it was built in 1918 and is rubble. He said from his understanding NYSDOT has no plans to replace the concrete steps and that the bridge approaches will only be partially repaved. He said by the time the contractor gets done Smith Street and Clinton Street will likely need to be repaired or replaced. He encouraged the Board not to sign acceptance until repaired to pre-existing conditions. H. Perry also expressed concern that there is no funding in the proposed Village budget for maintenance of the Smith Street Bridge. He said it will at least need power washing since salt will deteriorate its condition. He commented that there is no way the Village could ever afford to replace the Smith Street Bridge.

H. Perry also suggested the Board re-institute the sewer user fee. The Village eliminated the sewer rent in August of 2006 at which time it charged 80 cents per 1,000 gallons of water. He said \$95,500 was collected in sewer rents that final year. This was one way to get some revenues towards infrastructure from the many tax exempt properties.

H. Perry also questioned water revenues and expenditures citing that as of February 28th \$564,961 was collected and \$439,669 was spent. He asked what the surplus is earmarked for.

MINUTES OF VILLAGE BOARD MEETING HELD April 19, 2010 continued.....page 2

2. Rhett King of Adams Street – commented on the April 15th public hearing on the budget. He said people were told the tax levy increase would be 4.6%, but were not told what the tax rate would be. He said he believes informing the public of the tax rate is required. He said he believes presenting the whole budget is also required, yet only the General Fund was presented, not the Water Fund. Further, the law requires municipalities to provide a report on exempt properties.
3. Carrie Maziarz of Adams Street – commented that dissolution of the Village in and of itself will not save money - only if services are cut. No dissolution study has been done, nor will one be done by the referendum on dissolution scheduled for June 15th. People have no idea as to what services might be kept or lost and yet they will be asked to vote yes or no on dissolution. Keeping the Village allows people to affect change to the level of government closest to them. She said the Pro-Brockport group has spent a lot of time studying various dissolution plans done throughout New York State. They have yet to find one that cost it's municipality less than \$100,000 or less than 2 years. C. Maziarz expressed concern that there are no provisions in the proposed Village budget to fund a plan should the June 15th vote be to dissolve.
4. Carol Hannan of Main Street – thanked everyone involved in this year's budget and for allaying the fears of an 18% tax increase for the next 5 years. She said people need to work together to solve any problems of the Village. She announced her candidacy for Trustee in the June 15th election. If elected, she would work with everyone and serve the Village the best she can. She appreciates the Village and is sure it has a future.

MINUTES OF VILLAGE BOARD MEETING HELD April 19, 2010 continued.....page 3

DEPARTMENT REPORTS: (All Department Heads are in attendance the 2nd meeting of each month)

- A. PUBLIC WORKS – Superintendent Harry G. Donahue (excused)
- B. POLICE DEPARTMENT – Chief Daniel P. Varrenti
1. Community Notification – Chief Varrenti shared information for the valuable community notification program - on 2 people on the New York State Sex Offender Registry. The first is Shannon Pombert – white female - a level 1 (lowest level) residing in the 14420 Zip Code. The second is Eric Spikes – black male - a level 3 (highest level) residing at 70 ½ Spring Street. Clerk Morelli said these notifications have been added to the binder on the counter at Village Hall.
 2. Dissolution – Chief Varrenti commented on the dissolution referendum scheduled for June 15th and shared that some people are being misled to believe they will have an opportunity to pick their services. He said this is truly a law that puts the cart before the horse (not having a study done before the vote.) He further shared that should the vote be to dissolve, he has no doubt that Brockport Police Officers will seek and gain employment elsewhere. They won't wait for a dissolution plan. Chief Varrenti said once they're gone, the expense to start up a new Police Department would be astronomical. He encouraged Village residents to be informed voters.
 3. Cop Shopping – Chief Varrenti said Village residents are entitled to NOT want the services of the Brockport Police Department and instead want the services of Monroe County Sheriff's Department. However, they will never let anyone be put in harm's way by a "cop shopper's" choice. Chief Varrenti shared that Norm GianCursio placed a call to 911 last Friday and requested Monroe County Sheriff's Department assistance for a landlord/tenant dispute. In error, 911 dispatched MCSD to that address in Pittsford instead of Brockport. Thankfully, it was not an emergency. In the meantime, Brockport Police Department responded and will respond to calls within its jurisdiction even if the caller requests another law enforcement agency.
 4. Executive Session – Chief Varrenti requested a brief executive session with the Board regarding a personnel matter.
- C. BUILDING / ZONING / CODE ENFORCEMENT - Scott C. Zarnstorff
1. Quarterly Report – S. Zarnstorff gave a brief overview of his first quarter report (January – March). He said he usually provides an annual report, but thought it was important to do a quarterly report to take a look at where time is spent, on what areas, and make adjustments as necessary. He said despite the economy, new construction is strong – a 237% increase over last year with a \$500,000 value in construction this quarter. This is due to new homes being built in McCormick Place and Sunflower Landing subdivisions. Remington Woods build out remains slow. He shared that they've started to collect more data as to code enforcement which is a major time eater. He wanted to put a dollar figure to it as to how much it costs the Village. Each code enforcement stop costs \$35 to \$40 in time. Most code enforcement stops relate to rental properties. His office continues to improve efficiencies and work towards getting the word out and educating the public on what they need to know. In the case of rental properties, they will work towards getting the information to the property owners since tenants are constantly changing.
- Deputy Mayor Martin suggested S. Zarnstorff convert his report to run on the Village's fiscal year rather than the calendar year.
- D. FIRE / AMBULANCE / DISPATCH – Assistant Chief Don Marenus
1. Calls for Service – Assistant Chief Marenus reported 258 Fire calls year to date and 545 EMS calls year to date. He mentioned 3 significant incidents in the last couple of weeks include a bicycle accident with a serious head injury, a kitchen fire at Viking Way where they rescued an elderly man and stopped the fire, a motor vehicle accident at West Canal Road and Redman Road and a motor vehicle accident at Ridge Road and Sweden Walker Road with 2 people trapped.
 2. Membership Drops & Adds – Chief Smith asked the Board to consider approving the following drops: Eddie Brown from Mutual Aid, Brandon Geer from Mutual Aid, Keith Povitch, Alex Wingate, the following adds: Michelle Albro to Auxiliary, Susan Alexander to Ambulance Only, Luke Krembs to Ambulance Only, James Maziarz to Fire Only, Samantha Butler to Explorer Post, the following exempt certificates: Alicia Sampson, Kelly Smith; the following name change: Amy Johnson to Amy Tice.

→ Mayor Castañeda moved, Trustee Legg seconded, unanimously carried 4/0 to approve the previously mentioned drops, adds and exempt certificates.

MINUTES OF VILLAGE BOARD MEETING HELD April 19, 2010 continued.....page 4

3. Request authorization to declare surplus & sell 30 alpha pagers – Request to surplus 30 alpha pagers and sell them for \$100 each for pager and charger and \$75 for pager only.

→ Deputy Mayor Martin moved, Trustee Legg seconded, unanimously carried 4/0 to declare surplus and sell said 30 alpha pagers.

4. Portable batteries – Request to purchase 15 portable batters for a total of \$1,050.

Trustee Legg commented that Village Board action is not required as the purchase falls under the \$2,000 threshold of the current purchasing and procurement policy.

5. Request authorization for training – STEP Conference for 4 volunteer EMT's for recertification – Per information from EMS Chief VanDervort, the STEP Conference is an annual, local, 2-day training vital to the re-certification of volunteer EMT's. This year 4 members have asked to attend at a cost of \$185 per person for a total of \$740 to come from the line designated for CME recertification. The money in that line should be segregated from other assets as it is reimbursable from NYS DOH strictly for the purpose of continuing education.

The dates of the training were not indicated. Therefore, Assistant Chief Marenus agreed to contact EMS Chief VanDervort and apprise the Board.

6. Medical Director – URMC Agreement – Per information from EMS Chief VanDervort, Dr. Terry Fairbanks, Medical Director for the Village, has accepted a position in Washington, D.C. Therefore, effective August 1st, Dr. Fairbanks will no longer be associated with the University of Rochester Medical Center. A search for a replacement medical director will commence and he will keep the Village Board informed.

Deputy Mayor Martin said he spoke with EMS Chief VanDervort and that the agreement between the Village and URMC will need to be terminated effective Dr. Fairbanks departure August 1st.

→ Deputy Mayor Martin moved, Mayor Castañeda seconded, unanimously carried 4/0 to terminate the agreement between the Village and URMC effective with Dr. Fairbanks departure August 1, 2010.

E. INTERIM TREASURER – Mary Beth Lovejoy

1. Authorize Pay Estimate #6 – Main Street Sanitary Sewer & Water Main Project - Per correspondence from the Village Engineer, the contract is 98% complete as of March 26th.

→ Deputy Mayor Martin moved, Trustee Hunsinger seconded, unanimously carried 4/0 to authorize Pay Estimate #6 for Villager Construction for the Main Street Sanitary Sewer & Water Main Project in the amount of \$95,404.08.

2. Responses to Budget Hearing Questions – Interim Treasurer Lovejoy responded to the few questions posed at the April 15th public hearing on the proposed budget.

Regarding what happens to the extra funds between what Monroe County Water Authority charges the Village of Brockport and what the Village of Brockport charges its customers – this covers personnel, benefits, payroll, materials and supply needs of the Water Department.

Regarding projected revenues and expenditures being almost a wash and the question of where we lose the money – we are close to breaking even, so there will be no loss of money.

Regarding plans to correct the problem of overspending of the last decade – many things are in the works including revising the purchasing and procurement policy, implementing a central purchasing system, and close monitoring of revenues and expenditures and cash flow.

Regarding the bond payment for the Main Street sanitary sewer and water main replacement project – the Village hasn't gone into a bond yet. It has a BAN (bond anticipation note) which was included in the budget.

Regarding starting at an 18% tax increase, then lowering to 11.8%, then to 4.3% - the 18% was prior to Interim Treasurer Lovejoy's arrival. That figure came off of a report prepared by a financial advisor and was one of several plans. Unfortunately, that 18% figure is what some people hung onto to. The changes in proposed tax rate are simply part of the normal

budgeting process as you usually start at one number and work your way down. The budget is not done yet. Therefore, that 4.3% will likely change.

Deputy Mayor Martin referred to an advertisement from the dissolution group in the recent local paper and urged people not to be misled by the information on water rates. Water rates shown for other municipalities do not include the meter charge. Monroe County Water Authority

MINUTES OF VILLAGE BOARD MEETING HELD April 19, 2010 continued.....page 5

charges a particular rate for water, but then adds an additional fee per day for the meter. Therefore, the costs are not comparable dollar for dollar.

3. State Comptroller Report – technical review of proposed 2010-2011 budget – Interim Treasurer Lovejoy shared that the Village Board and Department Heads met earlier this evening with representatives of the New York State Office of the State Comptroller to review the report on the technical review of the proposed 2010-2011 budget. The report is now available to the public and will be placed on the Village’s website with notice of such in the local paper. Their audit addressed whether the significant revenue and expenditure projections in the Village’s tentative/proposed budget are reasonable. Highlights cover financial condition, retirement contributions, General Fund Police overtime, collective bargaining agreements, contingency appropriation, estimated General Fund revenues, estimated Water Fund Revenues.

“The proposed budget includes an 11.8 percent property tax increase; however, the Board has reduced proposed tax increases in prior years without identifying alternative revenue sources or cost reductions – actions which aggravated the Village’s deteriorating financial condition by consuming the fund balance.”

“The Village’s general fund had a reported unreserved fund balance of \$167,130 at May 31, 2009, with \$20,000 appropriated to fund the 2009-10 budget, leaving an unreserved, unappropriated fund balance of \$147,130...” Interim Treasurer Lovejoy said they do not anticipate using that \$20,000. Therefore, it will remain at \$167,130.

Interim Treasurer Lovejoy said she accepts full responsibility as to the error made as to retirement contributions. Adjustment will be made.

Interim Treasurer Lovejoy said OSC was looking at figures from January/February. The Village does not have the operating deficit and is now close to breaking even.

Interim Treasurer Lovejoy said purchasing procedures will be put in place and budget adjustments made as the year progresses.

4. Financial reports for period ending 3/31/10 – Interim Treasurer Lovejoy distributed the statements of actual and estimated revenues & expenditures for the General Fund and Water Fund for period ending 3/31/10 as well as the updated cash flow. The General Fund is at 83% of revenues and 80% of expenditures. The Water Fund is at 73% of revenues and 77% of expenditures. Percentages will balance out as bills go out and payments come in. There are 3 payrolls in April. Some General Fund revenues are still to come in. She recorded the numbers for January through March parking tickets. Court fines since December have been on hold per a State process due to Judge Cody’s passing. Monies should come in soon. The Village was made whole by the County with the payment from unpaid 2009 Village taxes having been relieved onto 2010 County tax bills. State Aid for CHIPS came in. Some sale of equipment monies and recovery of insurance losses came in. All in all, we are looking much better and may not even need to borrow from ourselves to get through the end of the fiscal year. She said she is excited that we may well end the year in the black.

Mayor Castañeda said the last cash flow showed a \$200,000 shortage. She thanked Treasurer Lovejoy for explaining how the Village caught up on receiving revenues.

5. Executive Session – Interim Treasurer Lovejoy requested a brief executive session with the Board regarding a personnel matter.

This is at no cost to the Village other than publishing notice of the forums. This is not a dissolution study or a dissolution plan, but the information should be helpful to voters.
