

TRAIL TOWN KICK-OFF

Let's Talk About Your Trail Town

What makes the Village of Brockport unique?

How accessible are parks, trails, and public lands?

Do cyclists and pedestrians feel safe?

Are local businesses accessible and accommodating?

The Village of Brockport was selected as the first Empire State Trail Town

As a "Trail Town," the Village is in a unique position to benefit from its location along the Erie Canalway Trail/Empire State Trail. How can the Village provide residents and visitors with a quality experience along the trail and within the community? We need your feedback and participation.
